Description

The TE1111 side case hardware is a bike-specific tubular pannier holder/support designed to fit the Honda NC700X ('12 > '14). This side case holder is compatible with the Easylock saddlebags only but can also be used as support for a more universal based soft luggage pannier. This fitment solution **WILL NOT** work with Monokey cases, V35 and V35 Tech Monokey-Side cases or the Trekker Outback Monokey-Cam side cases. All parts needed to mount the side case holder are included and it installs using simple hand tools. Installation requires either the 1111FZ Monorack or the 1111KIT.
