Description

Inspired by the world of Adventure Touring, the GIVI Tourer helmet is designed with a removable chin guard and is aimed towards the motorcycle enthusiast with a endure, a dual sport, or an adventure touring motorcycle. The helmet has dual homologation as both a full face helmet and a jet, or $\frac{3}{4}$, helmet which can be worn on the street without the chin guard. When the chin guard is removed completely, the fixing points are hidden by the special "caps" provided in order to maintain the aesthetic quality of the helmet and reduce overall noise. A principal characteristic the helmet is the upper spoiler element, or visor, which is aesthetically pleasing, functional and similar to the chin guard, can be easily removed. Another feature of the helmet is the drop down sun visor which is easily actuated by hand, with or without gloves. The entire interior, including the cheek pads, has hypoallergenic and antibacterial properties as well as being fully removable and washable. The helmet strap closure is a quick release type with micrometric adjustment.

Sizes Available:

Medium SKU: HX01DB91058A

Large SKU: HX01DB91060A

XLarge SKU: HX01DB91061A
